

Technical Data Sheet

Fabric 991 darkblue

Article 1301 **PES-Knitwear FR M with moisture protection**
- flame-retardant -

Textile part: 100% Polyester

Moisture protection: 100% Polyurethane

Elastic PES-knitwear, waterproof, resistant to bacteria and virus,
flame retardant, washable at 95°C, firm tumbler, resistant to dry cleaning,
sterilizable by vapour, steady against blood, urine, oil, fat and disinfectants.

ORIGIN OF GOODS:

European Community

WASHING INSTRUCTIONS:

Wipe disinfection with all common disinfectants

TECHNICAL DETAILS:

Weight		: about 175 g/m ²
Water impermeability according	to DIN EN 20811	: > 3000 mm
Water vapour permeability according	to DIN 53122 / climate B	: about 500 g/m ² d
Biocompatible according	to DIN EN ISO 10993-5 & -10	
Flame retardant according	to DIN EN ISO 12952-1 & -2 to BS 7175 sec. 3 crib 5	
Hydrolysis-resistance		
Produced without formaldehyde		

WASTE MANAGEMENT:

no problem to put it in the normal waste
