the frail & the elderly
Neurological Debilitating
conditions.

A Completely Adjustable Rise & Recline Care Chair

The Porta Select is the first-choice Care Chair seating solution to accommodate any medical condition, providing maximum comfort, postural support and pressure relief throughout your medical or treatment progression. Its revolutionary design allows all the seat dimensions to be regularly and easily re-positioned by you, the user, to allow re-distribution and support of your pressure care without the need to add additional accessories. The Porta Select mobile Rise & Recline chair provides the user with a perfect and simple seating solution.

Delivering practicality and versatility with the additional benefit of castors for everyday mobility. The Porta Select, we believe, is the most comfortable and supportive Care Chair on the market today. It is ideal for long term care, multiuser environments and can be easily re-issued to fit another user. It is available in a variety of fabric and colour options.

Service Friendly – all parts can be replaced and fitted on-site.
