

Perfect Positioning, Ultimate Comfort

RANGE OVERVIEW

About Finch Healthcare

Finch Healthcare was established to help improve Assistive Technology equipment outcomes in Australasia. Born of a quest for clinical excellence, our team brings equipment with proven advantages and advancements to our carefully chosen dealers. Based in Port Melbourne, VIC, we have great distribution options along with warehousing for ample stock.

About Cura Seating

Cura Seating is a custom seating manufacturer based in Peterborough UK. Their current range of products tell a story of over 40 years of experience in designing and manufacturing Care Chairs for challenging medical conditions, and with their motto "anything's possible", new models and features are frequently launched. Cura Seating also works closely with healthcare professionals in their home market which ensures all product development is results-driven.

Cura Legacy Chair

The Cura Legacy is a cost effective, highly adaptive Care Chair that has Tilt in Space, Backrest Recline and Elevating Leg rest as standard. Optional upgrades to postural support, footplates, tray and electric option along with a great weight capacity make it an excellent choice for many neurological conditions. Coming in 3 useful sizes, the Infant Legacy especially stands out in its field as unique option for children. This range is stocked in attractive colours, but a large range of options in fabrics and colours are available on special order.
